Reference: Plastic Tanks

Dear Mr. Simon,

This letter is to inform you that the Onsite Wastewater Product Review Committee has reviewed your application for the product category: *PRODUCT STANDARD FOR PLASTIC SEPTIC TANKS AND PLASTIC AND FIBERGLASS PUMP TANKS*. After careful review, the Committee has found that the below models meet the required aforementioned standards.

- 1) Model 87-41718; 1000-gallon one compartment septic tank
- 2) Model 87-41720; 1000-gallon two compartment septic tank
- 3) Model 87-41758; 1500-gallon one compartment septic tank
- 4) Model 87-41790; 1500-gallon two compartment septic tank

Product authorization may be withdrawn if, in the future, you fail to meet the requirements as found in the *PRODUCT STANDARD FOR PLASTIC SEPTIC TANKS AND PLASTIC AND FIBERGLASS PUMP TANKS*. Any changes in the material composition or manufacturing process, which would alter this product, shall require resubmission to this Committee for reevaluation before said product can be sold or distributed in Arkansas.

A copy of the installation instructions shall be provided to each local health office in the State of Arkansas. The installation instruction shall detail the proper method and techniques for installing and maintaining said product. An electronic version, as well as the printed version of said information, shall be provided to this Committee.

If you have any questions or comments pertaining to this letter, please contact me at your convenience.

Respectfully,

Cole Kitchens, R.S.
