David Simon
Valencia Pipe Company
28305 Livingston Ave.
Valencia, CA 91355

RE: Manufacturer Product Review Approval

Mr. Simon,

The Mississippi State Department of Health, Division of On-site Wastewater is in receipt of the application for the review and registration of the above on-site wastewater products. The Department has reviewed and approved for registration the below products:

- Model No. 87-41718 – 1,000 Gallon Single Compartment Septic Tank
- Model No. 87-41720 – 1,000 Gallon Two Compartment Septic Tank
- Model No. 87-41758 – 1,500 Gallon Single Compartment Septic Tank
- Model No. 87-41760 – 1,500 Gallon Two Compartment Septic Tank

Effective July 18, 2024, the above will be registered as products of Valencia Pipe Company for on-site wastewater treatment in the state of Mississippi.

You as the manufacturer are responsible for identifying all authorized fabricators, distributors, installers, and maintenance providers for the above products within the state of Mississippi, as well as providing contact information for all technical staff who provide training on the above products. You are responsible for updating the Division on any additions to, removals from, or other changes in the stated information. If you have any questions, please contact the Division at (601) 576 – 7150 or the address below.

Respectfully,

Noah Killebrew
