

Statement From Rhode Island Department of Environmental Management

Via email July, 2024

“Valencia Pipe Company septic tanks are approved and there is no approval letter. None of the septic tanks sold in Rhode Island have an approval letter from us (unless they meet the standards for an Alternative technology, which this doesn’t).

As long as they meet the requirements in our rulebook, which I believe your products do, then they can be sold in our state.”

Ryan J. Brock, EIT, Environmental Engineer II
Rhode Island Department of Environmental Management
Office of Water Resources – Onsite Wastewater Treatment Systems (OWTS)
235 Promenade Street, Providence RI 02908
401.537.4205 (o) Ryan.Brock@dem.ri.gov (E);

VPC Septic Tanks are IAPMO approved and meet most state and county requirements.

Please check your local codes prior to purchase and installation.
